

"Happiness is just a drop away"

Patented technology SOL+TECH

**A revolution in absorption and onset speed of CBD extract.**

Our unique SOL+ product line changes the perception of the effects of CBD products.

SOL+ution Drops is the product that users and sellers have been waiting for. No more lengthy explanations of when the user will feel the effects.

**NOTICEABLE EFFECTS WITHIN 5-20 MINUTES**

SOL+UTION DROPS does not contain any THC, so it can be used without no restrictions.

**ENJOY THE TRUE POWER OF NATURE AND ELIMINATE YOUR AILMENTS**

Inquiries about the absorbability of CBD oils for the human body are now a thing of the past. Thanks to the unique technology of water-soluble hemp oil extracts, SOL+ution Drops have a 95% absorbability rate for the human body, which users will feel almost immediately. Compared to the highest quality CBD oils on the global market, SOL+ution DROPS are 6-9 times more absorbable for the human body.

CBD SOL+UTION DROPS are made by combining high-quality broad-spectrum CBD and specially energized A-WATER. This water has been physically modified to better communicate with living tissues and facilitate its easier absorption by human and animal cells. Thanks to the patented production process, an absolutely unique product was created - CBD DROPS with 95% absorbability.

This patented technology of processing CBD extracts - full spectrum and broad spectrum - guarantees a fully water-soluble product, not just dispersed in water.

SOL+ution CBD DROPS contain 600 mg of hydrophilic broad-spectrum CBD with a lime flavor. When mixed with your favorite drink, it creates a unique beverage that works against dozens of issues such as inflammatory and psychological conditions, sleep disorders, pain, and other accompanying symptoms during menopause and menstruation. Thanks to our unique patented technology, you can now indulge in the most effective CBD under the sun.

Ingredients: CBD broad-spectrum extract, water, propylene glycol, sucrose, lemon flavor, lecithin, glycerin, antioxidant: tocopherol acetate. Content: 15ml
